

Could be reworded but otherwise it does what it says. No need to put Description at the front.

Lower Case, Upper Case, Title Case and Sentence Case Converter Tool

Description: Case Converter is a free online tool to easily convert text to lowercase, uppercase, title case, capital case or sentence case.

Not a Solid Header. If we move the buttons to the top of the text box and emphasise them with better design leaving this unnecessary

Should be brought up to the bottom of the text box so it is closer linked to the text.
Create a hover box effect on the buttons with these descriptions in the boxes.

Word Count: 1
Character Count: 0

Here is an explanation of all the different modes the tool supports:

- Sentence Case: Makes everything lowercase **except** the first character and "!".
- Title Case: Capitalize the first character of each word **except** common stop words like 'and', 'at' etc
- Capital Case: Capitalize the first character of each word.
- Lower Case: Lower Case everything inside the string.
- Upper Case: Upper Case everything inside the string.

Give a try to our [Random Password Generator](#).

Can look a lot more stylish and this area needs to be spaced out a bit better.

All necessary just needs a revamp to make it more modern/interesting.

These need to be redesigned and redistributed. the message comes across but it could be more enticing.
Reorganise to a 3/2

The screenshot illustrates a user interface for a text case converter tool, likely a browser-based application or a specialized extension. The main interface on the left displays the following components:

- Section Header:** Lower Case, Upper Case, Title Case and Sentence Case Converter Tool
- Description:** Case Converter is a free online tool to easily convert text to lowercase, uppercase, title case or sentence case.
- Text Input:** The quick brown fox jumps over the lazy dog. The quicker browner fox jumps over the lazier dog.
- Text Labels:** Potential Placeholder text? and Can text not be so bold?
- Conversion Buttons:** To sentence case, SENTENCE CASE, To title case, TITLE CASE, To capital case, CAPITAL CASE, To lower case, TO LOWER CASE, To upper case, UPPER CASE, and To lower case, LOWER CASE.
- Metrics:** Word Count: 18 and Character Count: 95.
- Explanation:** Here is an explanation of all the different modes the tool supports:
 - Sentence Case: Makes everything lowercase **except** the first character and "!".
 - Title Case: Capitalize the first character of each word **except** common stop words like 'and', 'at' etc
 - Capital Case: Capitalize the first character of each word.
 - Lower Case: Lower Case everything inside the string.
 - Upper Case: Upper Case everything inside the string.
- Links:** Give a try to our [Random Password Generator](#).
- Copyright:** Copyright © 2018 [Case_Converter](#) | [Terms of Use](#) | [Privacy Policy](#) | [Contact](#)

On the right side, there are five preview boxes showing the result of different case conversion modes:

- To sentence case:** THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG. THE QUICKER BROWNER FOX JUMPS OVER THE LAZIER DOG.
- To title case:** The quick brown fox jumps over the lazy dog. The quicker browner fox jumps over the lazier dog.
- To capital case:** The Quick Brown Fox Jumps Over The Lazy Dog. The Quicker Browner Fox Jumps Over The Lazier Dog.
- To upper case:** THE QUICK BROWN FOX JUMPS OVER THE LAZY DOG. THE QUICKER BROWNER FOX JUMPS OVER THE LAZIER DOG.
- To lower case:** the quick brown fox jumps over the lazy dog. the quicker browner fox jumps over the lazier dog.

A red box highlights the text input area, and a red arrow points from the text "Can text not be so bold?" to the "To title case" preview, with the annotation "Can be highlighted better on selection." written in red text.

Just needs a redesign.
It is a lot of information
being thrown at you. Could
be better to be broken into
drop menus for the specific
header.

Introduction

The site editor takes your right to privacy seriously, and wants you to feel comfortable using this web site. This privacy policy deals with personally-identifiable information (referred to as "data" below) that may be collected by this site. This policy does not apply to other entities that are not owned or controlled by the site editor, nor does it apply to persons that are not employees or agents of the site editor, or that are not under the site editor's control. Please take time to read this site's [Terms of Use](#).

1. Collection of data

Registration for an account on this site requires only a valid e-mail address and a user name that has not been chosen already. You are not required to provide any other information if you do not want to. Please be aware that the user name you choose, the e-mail address you provide and any other information you enter may render you personally identifiable, and may possibly be displayed on this web site intentionally (depending on choices you make during the registration process, or depending on the way in which the site is configured) or unintentionally (subsequent to a successful act of intrusion by a third party). As on many web sites, the site editor may also automatically receive general information that is contained in server log files, such as your IP address, and cookie information. Information about how advertising may be served on this site (if it is indeed the site editor's intention to display ads on this site) is not forth-coming.

2 Use of data

Data may be used to customize and improve your user experience on this site. Efforts will be made to prevent your data being made available to third parties unless (i) provided for otherwise in this Privacy Policy; (ii) your consent is obtained, such as when you choose to opt-in or opt-out for the sharing of data; (iii) a service provided on our site requires interaction with a third party, or is provided by a third party, such as an application service provider; (iv) pursuant to legal action or law enforcement; (v) it is found that your use of this site violates the site editor's policy, terms of service, or other usage guidelines, or if it is deemed reasonably necessary by the site editor to protect the site editor's legal rights and/or property; (vi) this data is purchased by a third party, in which case that third party agrees to use the data in the manner as set forth in this policy. In the event you choose to use links displayed on this web site to visit other web sites, you are advised to conduct a separate privacy review of those sites.

3. Cookie

Like many web sites, this web site sets and uses cookies to enhance your user experience - to remember your personal settings, for instance. Advertisements may display on this web site and, if so, may set and access cookies on your computer; such cookies are subject to the privacy policy of the parties providing the advertisement. However, the parties providing the advertising do not have access to this site's cookie. These parties usually use non-personally-identifiable or anonymous codes to obtain information about your visits to this site.

4 Minor

The site editor might not allow persons who are aged thirteen or younger to become members of this site. For more information, please [contact](#) the site administrator.

5. Editing or deleting your account information

You are provided with the ability to edit the information stored for your user account information during registration, by visiting your user account control panel. You can request that your user account be deleted; to do so, please contact the site administrator. Content or other data that you may have provided, and that is not stored within your user account, such as articles published, may continue to remain on the site at the editor's discretion, even after your user account is deleted. Please see the site's [Terms of Use](#) for more information.

6. Changes to this privacy policy

Changes may be made to this policy from time to time. You will be notified of substantial changes to this policy either by through the posting of a prominent announcement on the site, and/or by a mail message sent to the e-mail address you have provided, which is stored within your user settings.

7. NO GUARANTEES

While this privacy policy states standards for maintenance of data, and while efforts will be made to meet the said standards, the site editor is not in a position to guarantee compliance with these standards. There may be factors beyond the site editor's control that may result in disclosure of data. Consequently, the site editor offers no warranties or representations as regards maintenance or non-disclosure of data.

8. Contact information

If you have any questions about this policy or about this web site, please feel free to contact the site administrator.

Contact

We'll be happy to hear from you. Just drop us a letter at caseconvertercc@gmail.com.

A form is better suited for here.

People are more likely to contact you if it is a form as opposed to just leaving an email address. Could help develop more features by turning it from "Contact" to "Suggestions" or "Feedback"

Comparative Research

Beyond promoting the idea of more functions such as grammar checks, or thesaurus options it is a nice way to show what the site can do.

The punctuation checker for professionals

Use Qordoba's free online editor to correct errors in punctuation, grammar, spelling, and more.

Stan ★★★★ June 16, 2020
Can I get a dark mode please? White background is blinding me at night. // How about a button for quickly copying text?

HUMAN FIRST ★★★★ February 26, 2020
Nice work . Can you add bold underline type

Other potential options. A dark mode version/ as mentioned before an auto copy potential underline option.

Actions are definitely essential. **Copy, paste, clear, download, print, share** (good for promoting the site) and an **import button** would not only help usability but also promote the site through sharing.

The image shows a user interface with a list of actions on the left and two buttons at the top right. The actions listed are: COPY, PASTE, CLEAR, DOWNLOAD, PRINT, and SHARE. The 'IMPORTING FILES' and 'CHECK' buttons are circled in red.

Is it possible to have a search and replace option introduced to this project to further increase usage?

Uppercase to lowercase, count words, count characters, find and replace

Accidentally left the caps lock on? You don't have to retype it with this tool.

- convert any text to lower or UPPER case. (or vice).
- m
- fir and replace a word or fragment (case sensitive) and case insensitive
- count words and characters

Put your text here

Search for

Replace with

Ignore Case difference

Result

- convert case lower > UPPER
- convert case UPPER > lower
- sentence case
- count characters
- count words

reset

CONVERT TEXT

Download Button as an option for the converted text, options in .doc/.txt

Is it better to have the options on view or to have them in a settings dropdown that you can convert. If it is to be done than the convert button should not be so much bigger than the settings option.

Too many options but has the right idea. Adding more options seems good but the individual options complicates the interface.

Either have a restore option in the menu or a dual menu of before or after. Similar to the google translate interface or the one circled below.

A screenshot of an 'Uppercase Lowercase Converter' web application. It features an input field labeled 'Input:' with placeholder 'Enter Your Text Here....', an output field labeled 'Output:' with placeholder 'Your Output Will Appear Here....', and a toolbar with buttons for Capitalize, UPPERCASE, lowercase, aLTerNaTe, reverse, Clear Input, and Clear Output.

A screenshot of a mobile application interface. At the top, it says "PASTE YOUR CONTENT HERE AND" and "Paste Your Content Here". Below this is a text input field with a placeholder "Paste your content here and press any button below". Underneath the input field are several buttons arranged in a grid:

- Sentence
- Title
- lower

- UPPER
- Capitalized

- InVeRsE
- aLtErNaTiNg

PASTE YOUR CONTENT HERE AND
Paste Your Content Here

Paste your content here and press any button below

Sentence Title lower

UPPER Capitalized

InVeRsE aLtErNaTiNg

Copy to Clipboard

Instead of having the button to "Copy to Clipboard" the text could be copied automatically when the style is selected.

What it all means/Results:

- 1. Redesign of the current site.**
- 2. Look into a style guide for the project.**
- 3. Check possibilities re:Privacy Policy and Terms and Condition.**
- 4. Contact/ Suggestions form over email address.**
- 5. Improve mobile layout.**
- 6. Adding new features such as:**
 - An issue counter to show the changes being made.**
 - A dark mode design?**
 - Underline feature**
 - Import file**
 - Share button**
 - Download Button**
 - Clear Button**
 - Paste button**
 - Copy to clipboard when option is selected**
 - Undo/Restore button**
 - Search/replace option possible?**
 - Hover over button to show description**
 - AND better layout of descriptions below the options.**
